### **Our practice respects your privacy**

We take your privacy seriously.

We are bound by the Australian Privacy Principles contained in the Commonwealth *Privacy Act 1988 (Privacy Act)* and *the Health Records Act Victoria 2001*.

Our Privacy policy outlines how we use and manage your health information. A Notice to Patients is posted in our patient waiting area as a summary statement of the policy.

### **Collection and use of information**

We collect health information directly from you and your authorised representatives to provide you with dental treatment.

Personal information such as your name, address, health insurance and financial details are used for the purpose of addressing accounts to you, as well as for processing payments, collecting unpaid invoices via an external collection agency, and writing to you about our services and any issues affecting your health care.

We may also collect health information from a third party such as a health fund or referrer.

### **Non-disclosure of information**

If you choose not to provide us with information relevant to your care, we may not be able to provide a service to you, or the service we are asked to provide may not be appropriate for your needs.

Importantly, you could suffer some harm or other adverse outcome if you do not provide information relevant to your care.

### **Employer/employee responsibilities**

All staff employed in this practice are required to undergo training to understand their responsibilities in maintaining your privacy and to sign a confidentiality agreement in order to protect your personal information.

## **Disclosure**

The purpose of collecting your information is to provide you with a dental service; for internal and external administrative purposes, insurance purposes and record keeping.

We will not use your health information for any other purpose unless one of the following applies:

1. You have consented;
2. You would reasonably expect that your information may be used for that purpose; for example we may disclose your health information to another health service provider such as a specialist dentist, a technician, your GP or another health practitioner for the purpose of providing you with health care; or
3. The use of your health information is required or authorised by law.

## **Data quality**

The practice takes steps to ensure that the health information we collect is accurate, up to date and complete. These steps include maintaining and updating personal and health information when you attend the practice or you advise us that your personal information has changed.

## **Data security**

The practice keeps hard-copy, electronic records or a hybrid of both.

We protect them by ensuring hard-copy records are kept in locked files and there are security processes in place regarding computer access. Electronic data is backed-up.

## **Access and correction**

You can request access to your health or personal information we hold, or request that we change that information.

Requests for access or correction must be in writing and directed to the practice Privacy Officer.

You can access or make changes to your health or personal information unless we consider that there is a sound reason under the Privacy Act, or other relevant law to withhold the information, or not make the changes.

The practice may charge for access to or copies of health records.

After a period of 7 years (and if you attended the practice as a child, you have reached the age of 25) we may destroy your records in accordance with applicable laws.

## **Marketing**

Our practice may use your information for the purpose of direct marketing; however, we will not on-sell your personal information.

We understand that you may not wish to receive marketing materials. If you would prefer not to receive such information, please approach the Privacy Officer or another staff member at the practice

## **Sending information overseas**

As part of maintaining your records, the practice may use off-site electronic data storage providers, transcription service providers, professional indemnity insurers, marketing agencies or other third party service entities. These providers may be located offshore.

We will try to inform you about where your information is sent. Please be assured that we take reasonable steps to ensure compliance with the Australian Privacy Principles in relation to any off-shore transfer of your information.
